## This is a level one header

## R Markdown

#### This is a level 3 header

This is an R Markdown document. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see http://rmarkdown.rstudio.com.

Here is a link to GOOGLE

```
2+2 mean(c(1,2,3,4))
```

This is a blockquote. This paragraph has two lines.

this is another block

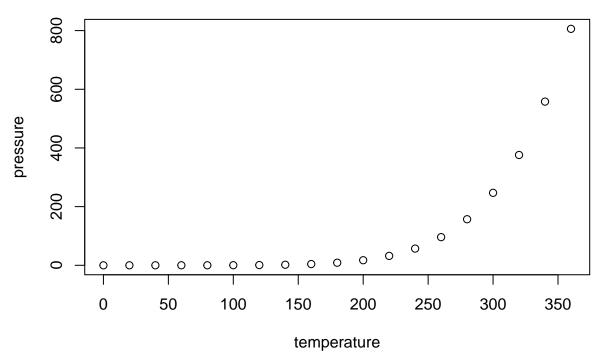

When you click the  $\mathbf{Knit}$  button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document. You can embed an R code chunk like this:

#### summary(cars)

```
##
        speed
                         dist
          : 4.0
                           : 2.00
##
   Min.
                   Min.
    1st Qu.:12.0
                    1st Qu.: 26.00
    Median:15.0
                   Median: 36.00
           :15.4
                           : 42.98
##
    Mean
                   Mean
    3rd Qu.:19.0
                    3rd Qu.: 56.00
   Max.
           :25.0
                           :120.00
                   Max.
```

## **Including Plots**

You can also embed plots, for example:

Note that the echo = FALSE parameter was added to the code chunk to prevent printing of the R code that generated the plot.

## plot(pressure)
